Both Region 25 RPC meetings are open to the public. All eligible public safety providers in Region 25 may utilize these frequencies. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend,

participate, and represent their agency's needs.

All interested parties wishing to participate in planning for the use of public safety spectrum in the 700 MHz and 800 MHz bands within Region 25 should plan to attend. For further information, please contact:
